1. This memorandum contains a recommendation submitted for concurrence of the undersigned. Such recommendation is contained in Paragraph 5.

2. Task Order No. 9 to Contract No. AF33(600)-40274 with the subject Contractor provides for feasibility studies, research, consultation, technical investigations, and/or development work relating to the evaluation, control and enhancement of the detectability of signals. Task Order No. 9 supersedes Task Order No. 8 as the latter order expired on 30 June 1961.

3. Task Order No. 9 obligates \$106,000 chargeable to Fiscal Year 1962 [redacted] funds. Funds for this task order are included in the HTN Contingency Development Program Budget for FY 1962. By concurrence to this memorandum, the Comptroller signifies that sufficient funds are available for this obligation.

4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress, (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.
